FINAL MDF-KIT

Applications: Assembling and repairing wooden parts in furniture, timber, kitchen, and plastic industries. Fixing MDF, rubber, cork, leather, many plastic surfaces, metal, porcelain, ceramic, cardboard, etc. Also, it is suitable where fast curing is needed. All surfaces should be dry clean and free from dust and grease. Surfaces should be smooth. The surface should implement full contact. You need to use enough adhesive on all surfaces.

Volume: **400ml+100gr**

Box QTY: **24 pcs**

Volume: **200ml+50gr**

Box QTY: **24 pcs**

Volume: **120ml+25gr**

Box QTY: **72 pcs**

FINAL SUPER SILICONE

Weight: **310gr**

Box QTY: **24 pcs**

Application: The insulation of washbasins, bathtubs, and shower cabins against water. In the construction sector and manufacturing industry. The filling and attaching of glass, metals, enamels, wooden, ceramics, faience, and other construction materials.

FINAL SUPER GLUE

Weight: **50gr**

Box QTY: **160 pcs**

Weight: **25gr**

Box QTY: **216 pcs**

Weight: **3gr**

Box QTY: **3000 pcs**

Applications: Suitable for glass, rubber, metal, ceramic, and many other plastics. Immediate bond, Very high bond strength after a few seconds. Suitable for rubber, metals, ceramic and many plastics.

FINAL UNIVERSAL SILICONE

Application: The insulation of washbasins, bathtubs, and shower cabins against water. In the construction sector and manufacturing industry. The filling and attaching of glass, metals, enamels, wooden, ceramics and other construction materials.

Weight: **280gr**

Box QTY: **24 pcs**

Weight: **85gr**

Box QTY: **40 pcs**

Weight: **30gr**

Box QTY: **120 pcs**

FINAL ACRYLIC SEALANT

Weight: 450gr

Box QTY: 24 pcs

Application: The intersection of every kind of frame's plaster. Corner and the other kind of construction materials. The fugues of prefabricated construction elements. The insulation of moving parts of construction materials.

FINAL AQUARIUM SILICONE

Weight: 310gr

Box QTY: 24 pcs

Application: Contains materials to protect aquarium organisms. Durable, waterproof and flexible.

FINAL GASKET MAKER

Applications: Replaces cork, felt, asbestos, rubber, etc. Motors (intake manifolds, oil pans, valve covers, axle covers, thermostats, etc. Electric and electronic tools. Pipes, water installations, and these connections. Industrial ovens. At hot air cabals. Joint places for vibration suction.

Weight: 310gr

Box QTY: 24 pcs

Weight: 85gr

Box QTY: 40 pcs

Weight: 30gr

Box QTY: 48 pcs

FINAL TOUCH

Weight: 30gr

Box QTY: 48 pcs

Applications: car's protector strips, sealing windshield, headlights, and taillights, sticking side mirrors, rearview mirror, indicator lights, grill, logos, and other plastic and rubber parts of vehicles.

FINAL MIRROR SILICONE

Weight: 310gr

Box QTY: 24 pcs

Weight: 85gr

Box QTY: 40 pcs

Applications: Does not respond to mercury at all. An alkoxy-based neutral cured silicone. High resistance to heavyweight.

FINAL PU FOAM

Weight: **840gr**

Box QTY: **16 pcs**

Weight: **600gr**

Box QTY: **16 pcs**

Weight: **300gr**

Box QTY: **12 pcs**

Application areas: Filling up the spaces and assembling doors and window frames. Filling of big cracks, holes, and spaces. Filling up the spaces at electronic and water installations. At the connection parts of the roof.

FINAL PU SEALANT

Weight: **600gr**

Box QTY: **20 pcs**

Application: Does not wrinkle, Does not have a stomach, Creating high stability, Without reducing volume, Strong force characteristic, Initial drying in 20 minutes, Paintable, No bubbles during drying.

FINAL MARINE

Applications: Fixing and gluing wooden elements to other various porous and non-porous elements such as wood, metal, concrete, polystyrene foam, ETC furniture and boat production. Fixing of raised flooring laying in combination with mechanical fixtures. All bonding applications need high water resistance. Resistant to temperature extremes Resistant to moisture and chemicals.

Weight: **500gr**

Box QTY: **12 pcs**

FINAL AUTO GLASS

Applications: Ideal for glass replacement in automotive repairs, such as windshields, rear glass, side glass, and other stationary glass. Sealing and bonding of sunroof applications. Suitable for metal, steel, aluminum, glass, copper, zinc, and fiberglass. Flexible, secure sealing of vehicle windshields. Fast curing, low odor, high modulus, and non-sag properties.

Weight: **400gr**

Box QTY: **24 pcs**

FINAL HIGH TACK

Applications: It is specially developed as a universal adhesive for bonding various building materials. It is suitable for elastic bonding of panels, profiles & other pieces on the most common substrates such as stone, concrete, mirrors, glass, plasterboard, PU, PVC, polyester, plastics, enamel, ceramic, copper, lead, zinc, aluminum, metals, R.V.S., wood, HPL, cement fiber panels, etc. Common application areas are Wall cladding elements & ceiling panels. Sound isolation panels (mineral wool, wood-wool cement & plastic foams). Thermal isolation panels (PUR, PIR, PS). Casings & frames in building construction. Wooden and plastic laths, ornaments, and frames.

Weight: **490gr**

Box QTY: **24 pcs**

FINAL TURBO+

Applications: Replaces cork, felt, asbestos, rubber etc. Motors (intake manifolds, oil pans, valve covers, axle covers, thermostats ETC). Electric and electronic tools. Water Pipes installations and connections. Industrial ovens. At hot air Cabela's. Joint places for vibration suction.

Volume: **70ml**

Box QTY: **96 pcs**

FINAL FWD-40

Application: In industries - technical workshops - automobiles and homes, cleaning, lubrication, derusting of parts, removal of moisture from the surface and protection of metal surfaces against corrosion and rust, as well as very high penetration ability in rusty threads in bolts and nuts and connections. In order to remove rust and lubricate parts, eliminate squeaking sound and lubricate rails, door and window hinges, pedals and conveyor lines, wheel chains, handles and locks.

Volume: 400ml

Box QTY: 24 pcs

FINAL INJECTOR CLEANER

Application: This product is used to descale and clean car injectors and similar items.

Volume: 450ml

Box QTY: 24 pcs

FINAL COTTON TAPE

Applications: Insulation for car and vehicle wiring, countless applications in audio and video systems due to noise and moisture and thermal insulation, the best option for collecting and arranging wires of electronic systems.

Volume: 0.3mmx19mmx20m

Box QTY: 48 pcs

FINAL ELECTRICAL INSULATING

Applications: Insulation of electric wires and other electrical conductors.

Volume: 0.13mmx19mmx10y

Box QTY: 500 pcs

FINAL PACKING TAPE

Volume: 50µm x 48mm x 90y

Box QTY: 36 pcs

Volume: 45µm x 48mm x 90y

Box QTY: 60 pcs

Application: It is used for packing cartons and packages with medium to high weight such as food products, dry fruits, industrial products, and products that are preserved in homes and workplaces. Could be used in heavy boxes over 50 kg For packing and connecting all kinds of paper and cardboards.

FINAL MASKING TAPE

Volume: 50mm x 30y

Box QTY: 36 pcs

Volume: 25mm x 30y

Box QTY: 72 pcs

Final Masking Tape, A high quality general use paper masking tape. Used mainly for paint masking but also for arts, craft, model making and much more. Masking Tape is produced using a light-medium weight adhesive which is designed to peel away cleanly leaving minimal residue behind.

FINAL STONE GLUE

Applications: All natural and artificial stones (ceramics, tiles, mosaics, etc.). Plastering of porous surfaces, stains and cracks/Installation of stones to metals. Intra-stones joints sealing/stones waterproofing strapping.

Weight: **1000gr**

Box QTY: **12 pcs**
